

Read the following text and answer the WH Questions on the following page.

Benny Big and Sammy Small

Benny Big and Sammy Small are best friends. They do most things together.

In the spring they like to go out into the garden and look for insects and flowers. They climb trees and play for hours in the garden.

Benny and Sammy look for red and black spotted ladybirds. A ladybird sits on Benny's hand. He counts seven spots on its back. It is so cute.

They catch butterflies in a net and then let them fly away. The butterflies flutter around the garden all day.

Sammy watches the ants working hard. There are so many ants and they walk along the path in a long straight line like soldiers.

The boys climb trees. Sammy's dad built him a tree house and the boys sit in the tree house. They play games, eat meals and sometimes sleep in the tree house.

The boys sing 'Incy Wincy Spider', and do the actions. There are many spiders in the garden in spring and they crawl along the tree trunks and the garden path.

Benny looks at all the different flowers in the garden. His favourite flower is the yellow daffodil. He likes to collect flowers and he makes pictures from pressed flowers.

On Saturdays the two help Mr. Honey. Mr. Honey is a beekeeper and he lives down the road from Sammy. Mr. Honey lets the boys help him collect the honey and put it into jars. He gives each boy a jar of honey to take home.

- Underline all the verbs.
- Highlight four adjectives.
- Circle five nouns.

Answer the questions:

1. When do the friends like to go out into the garden?

2. What do the boys climb?

3. Where does the ladybird sit?

4. How many spots does the ladybird have?
