

BACK TO SCHOOL

ABOUT ME

NICE TO MEET YOU

You will need counters and a die. Roll the die. If the first student rolls a 4, they read the first question or sentence above the picture of the die, which is 'I feel happy when...'. They place a counter on that square and answer the question or complete the sentence. When the next student rolls a 4, they place their counter in the square on the second row (above the counter that is already there). They read the question and answer it. The first student who can place a counter on the top row is the winner.

Which 3 words best describe you?	What do you most like about yourself?	What is the bravest thing you have ever done?	Which school subject do you think is the most important?	What makes you unique?	What do you wish you had more time for?
What grade are you going into this year?	What is your favourite subject?	What is one thing you want to achieve?	What is one thing you wish for?	What is one place you would like to visit?	What is one sport you would like to try?
1 fact about yourself.	1 place you visited this summer.	1 friend you met this summer.	1 fact about your bedroom.	1 fact about a family member.	1 fact about a friend.
Things I love.	Things I hate.	I feel sad when...	I feel happy when...	In my free time...	I will never...
