SPRING

In spring the flowers bloom.
We can smell the fresh air in the classroom.

No more snow,
As the sun shines across the meadow.

The animals come to life.
A husband takes a wife.

Children, in the yard, play.
They can stay there all day.

A nice cool drink.
Glasses go clink, clink.

We meet friends in the park,
and stay there till dark.

Let's make a bird house,
and a place for our baby mouse.

We can chase butterflies,
as we look up at the blue skies.

I love spring time,
and the smell of fresh thyme.

What do you like to do in spring?
