5. The garlic bread is the cheapest of all the appetizers. _____

6. The chocolate mousse costs more than the apple pie. _____

What would you choose from this menu?

Bake Sale

The children are preparing for a bake sale at school to raise money for a new swimming pool.

The girls are at Emily's house baking a strawberry cake and the boys are at Joshua's making a quiche.

Sharon is reading out the ingredients. They need milk, eggs, sugar, flour, butter, cream, strawberries and dark chocolate.

Emily begins to beat the eggs in a bowl. Sharon melts the butter on the stove.

Sofia adds the sugar to the eggs and pours in the milk. She stirs in the flour, adds the butter and mixes it together. The mixture is ready to pour into the baking dish. Emily puts the baking dish into the pre-heated oven.

In the meantime the boys are busy trying to make some sort of quiche. They decide to make a mushroom and onion quiche. Joshua peels the onions and chops them into small cubes while Daniel slices the mushrooms. Benjamin heats the oven so it will be ready for the quiche. Luke is bored out of his mind and decides to have some fun. He puts some chili powder into the bowl while no one is looking. Joshua grates the cheese and adds it to the other ingredients. They bake it in the oven for fifty minutes.

The girls are happy with their cake; now they have to whip the cream, and slice the strawberries. They spread the chocolate on the cake and decorate it with strawberries and cream.

The children take their baked goods to school. Luke wonders if he should buy the pie so that no one chokes on the chili powder.

Fill in using the words from the word bank (there is one extra word):

1. I want to _____ dinner this evening.
2. She can't _____ what to wear for the party.
3. The cake is baking in the _____.
