You will need different coloured counters and a die

Rules:

Each player chooses a coloured counter and places it on one of the capital letters.

Each player in turn rolls the die and moves along the board according to the number on the die. If a player starts on the letter 'A' and rolls a 3 he moves along to the third square and names it, "C". That player places one of the same coloured counters on the 'c' in the middle of the board and says a word beginning with 'c'.

It is the next player's turn. If a player lands on a capital letter that has already been covered he/she just says a word with beginning with that letter.

The player with the most counters in the centre of the board when all the letters have been covered is the winner.
