Football- magic E

You will need to print all the pages and laminate them.

You will need a die.

Cut up all the word cards.

Cut out the balls.

Print and laminate the football pitch (page 1), balls and cards.

Place the cards face down and the ball on the pitch as shown on page 2.

Turn over a card and roll the die.

If you roll any number except for '6' read the word.

If you roll a '6', read the word, move the ball so it is in the net, move the cards so it touches the ball and read the word.

E.g. **cod** is the word on the card - **code** is the word with the magic 'e'.

Whoever scores the most goals (rolls a 6 to get the ball into the net) is the winner.
