Game 23 - Seasons and Weather - Lotto

How to play

Give each player one or two lotto boards.

Place the cards face down in a pack in the middle of the group.

The first player turns over a card and names it, "I wear gloves". The player that has that picture on his board says, "I wear gloves in winter." The player covers the picture on his board with the card.

The next player has a turn to turn over a card and name it.
