

# Let's go Shopping

Briefly explain Black Friday and its concept of big sales and deals.

Black Friday is a big shopping day that happens every year on the Friday after Thanksgiving in the United States. On this day, shops offer huge discounts and special sales. Many people go shopping to find great deals on things like clothes, toys, and electronics. It's called "Black Friday" because shops often make so much money that their profits go "into the black," meaning they are making money.

It's now popular in many countries and is a fun time to talk about shopping and bargains!

Teach key vocabulary like: discount, sale, expensive, cheap, deal, and price.

## How to Play

Cut out the tags.

Scatter the tags around the classroom (under chairs, on walls, etc.).

Each student or team can write their own "shopping list" of 3-5 items.

Set a budget for each student or team, e.g., 50 nis, and explain they must find items with discounts that stay within the budget.

Each team collects as many tags as they can making sure they don't exceed their 50nis budget.

The teams have to work out how much each item is after the discount.

Here is a simple way to help them work out the discount:

**50nis with 20% discount**

**Take the 0 off both numbers and multiply them**

$$5 \times 2 = 10$$

**Take the 10 off the original amount**

$$50\text{nis} - 10\text{nis} = 40\text{nis}$$

**40nis is the discount price**

After shopping, students or teams compare their items.

Use sentences like:

"The kite is **cheaper** than the teddy bear."

"The robot is the most **expensive** item we bought."

 <p>10% OFF</p> <p>20nis</p>	 <p>10% OFF</p> <p>30nis</p>	 <p>10% OFF</p> <p>10nis</p>	 <p>10% OFF</p> <p>50nis</p>
 <p>20% OFF</p> <p>30nis</p>	 <p>20% OFF</p> <p>20nis</p>	 <p>20% OFF</p> <p>30nis</p>	 <p>20% OFF</p> <p>40nis</p>
 <p>40% OFF</p> <p>20nis</p>	 <p>40% OFF</p> <p>10nis</p>	 <p>40% OFF</p> <p>20nis</p>	 <p>40% OFF</p> <p>50nis</p>
 <p>50% OFF</p> <p>40nis</p>	 <p>50% OFF</p> <p>30nis</p>	 <p>50% OFF</p> <p>20nis</p>	 <p>50% OFF</p> <p>20nis</p>
