## Game 13 - Fruit - Put Me Here

### How to play

Place the colours in a column on the left and the white fruit in a row at the top, according to the diagram.

Place the remaining cards in a pack face down.

Each player has a turn to pick up a card and place it in the appropriate column and row, for example: 'the red strawberry' is placed in the row next to the colour red and in the column under the strawberry. The player says: "A red strawberry" or "I have a red strawberry" or "I eat red strawberries".

The players take turns in naming the pictures and placing the cards in the correct places.

The activity ends when all the pictures are placed in the correct columns and rows.
