LET'S PLAY

Print the cards and the board.

Cut out the cards. Shuffle them and place them face-down in the middle of the group. Each student has a turn to turn over a card, read the card, decide how many syllables it has and place a counter on the board in the correct place according to the number of syllables. They can also say a sentence using the word. **HAVE FUN!**

The first student to get 4-in-a-Row is the winner!
