

'Boots'

Read the first story.

Last week I sat with my cat at the vet's clinic.

The vet was busy with other pets, and we waited for forty minutes to go into his office.

The vet's name is Mr. Donkey. He is fifty years old, has blue eyes, and long brown hair. He wears a white jacket just like a doctor.

After half an hour, Mr. Donkey calls us into his office. He looks at my cat 'Boots' and says that she looks sick. She needs to stay at the vet's for a few days.

I was sad, but my mum said we could go and have cake and a drink on the way home to cheer me up.

We said goodbye to 'Boots' and left the clinic.

I asked my friend to send the story to you, but she made some mistakes. Highlight the mistakes in the second story?
